

Eastern Lebanon County School District

ELCO HIGH SCHOOL

January 30, 2009

Dear Colleagues,

I am writing this letter to inform you on the presentation that Susan Jeske, former Ms. America ® offered to our school this past December. Susan spoke on the toxins that are in many of today's cosmetics and personal care items. She did an outstanding job of conveying the important details, demonstrating safe alternatives, and sharing her own personal experiences.

Susan was well prepared and very knowledgeable about this issue. She use's audience participation, and because she has a bubbly personality, makes it enjoyable for everyone. I have no reservation in recommending Susan to share her information with your respective students as well.

Respectfully Submitted,

Edward J. Felty
Principal
Eastern Lebanon County High School
